What is my purpose in life?  
Why is there injustice in the world?  
Who will I become?

These are not problems to be solved but  
mysteries with which we live. We can inspire  
and support each other to live graciously, even  
when we do not have all the answers.

Anglican chaplaincy seeks to celebrate and embrace  
our diverse faith and our common pursuit of justice,  
peace, and understanding.
